# COVID **Testing**

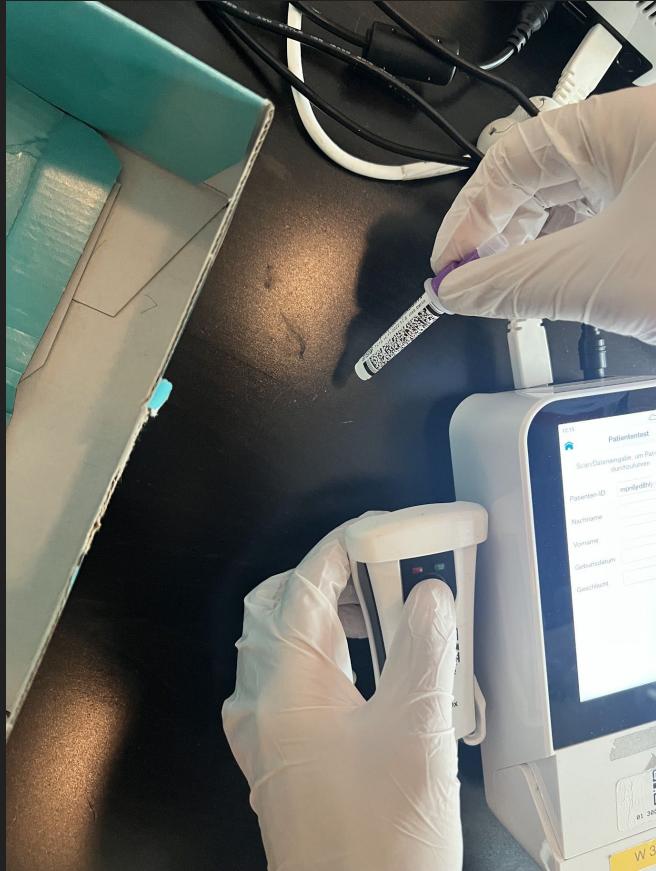

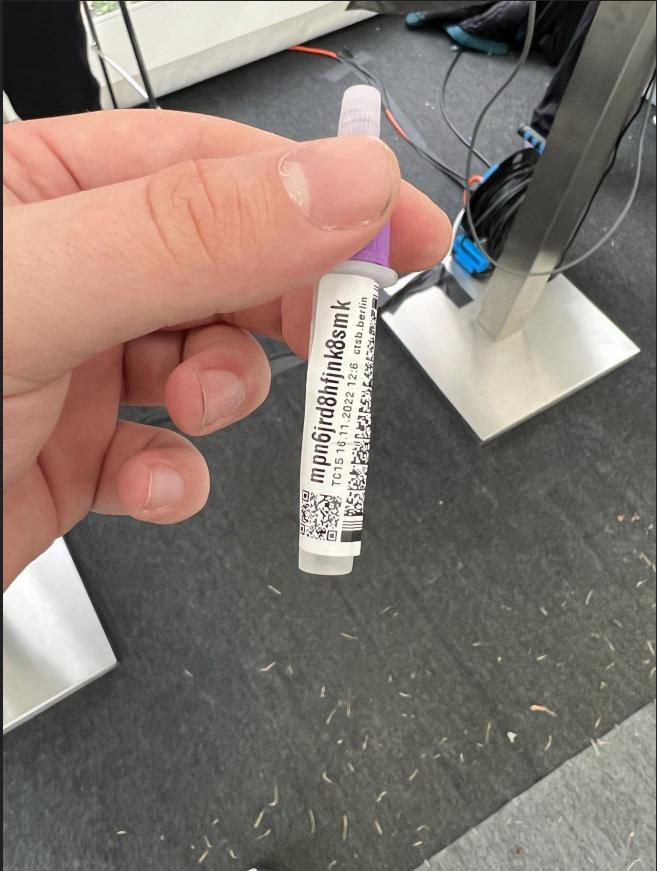

Operated by ctsb.berlin

## COVID-19 testing

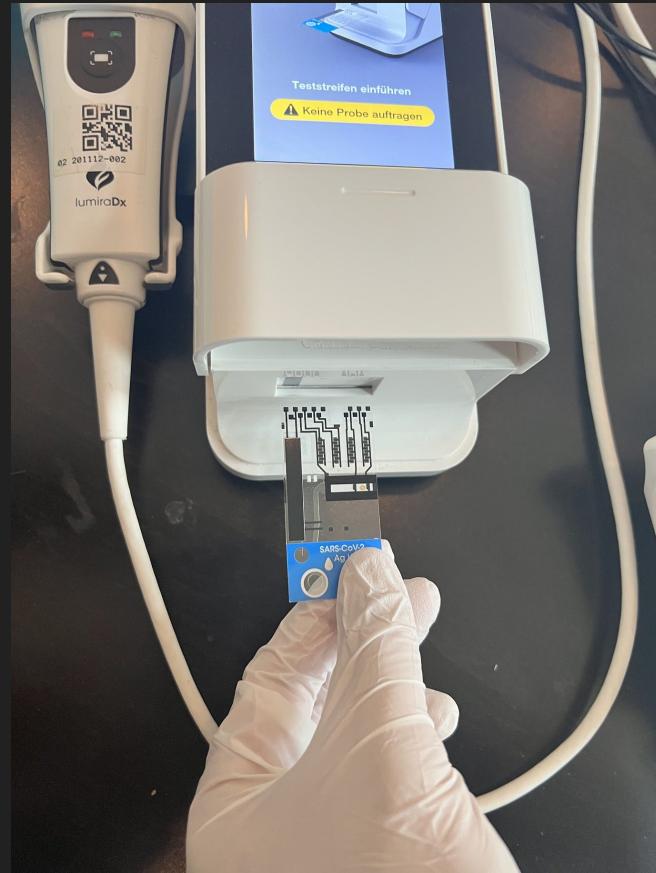

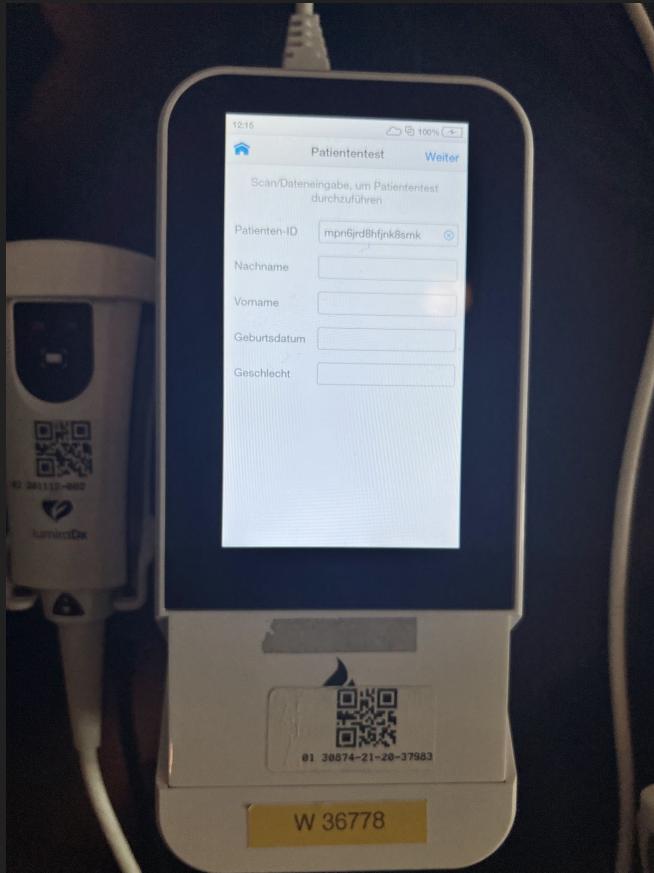

- We believe that COVID-19 testing is essential to allow everyone to feel safe.
- After our testing announcement ~150 people registered (Aug. 24th).
  - This contradicts trends from previous in-person events.
- Data privacy is our highest priority! DENOG is only informed about negative tests.
  - Therefor sadly no exact numbers.
- E-Mail + Greylisting are not ideal for timely results.
  - Backoffice Bookings are a challenge, if we don't know how to reach you.
  - Sadly not enough time to develop a better privacy-conscious process .

**Thank you all for your patience and great participation!**
